

## Bolivia: Santa Cruz Prison Mission 2017 August 13 (Sun.) - August 19 (Sat.)

For 5 years our medical/dental team brought hope and healing to the women's prison of La Paz Bolivia. Last year we were invited to help the minimum security men's and women's prison in Santa Cruz. The mission was a stunning success and we have been invited back to Santa Cruz for a second year. Just like in La Paz, children live with their parents within the prison. Therefore, our primary focus will be Pediatrics, Gynecology, Family and Dentistry but other specialties can be a plus.

We will be staying at a very comfortable hotel in the very heart of the city. There will be ample time after our clinics to travel and see Bolivia. The days after "clinic", the team will travel for an overnight trip to the city of "Samaipata" and visit the Pre-Inca ruins of 'el Fuerte'
